

Environmental Protection Agency

§ 35.2015

during any fiscal year and the reallocated funds shall remain available for obligation until the last day of the fiscal year following the fiscal year in which the reallocated funds are issued by the Comptroller to the Regional Administrator.

(c) Except for funds appropriated for FY 72 and fiscal years prior to 1972, sums which are deobligated and reissued by the Comptroller to the Regional Administrator before their reallocation date shall be available for obligation in the same State and treated in the same manner as the allotment from which such funds were derived.

(d) Except for funds appropriated for FY 72 and fiscal years prior to 1972, deobligated sums which are reissued by the Comptroller to the Regional Administrator after their reallocation date shall be available for obligation in the same State until the last day of the fiscal year following the fiscal year in which the reissuance occurs.

(e) Deobligated FY 72 and prior to 1972 fiscal year funds, except 1964, 1965 and 1966 funds, will be credited to the allowances of the same Region from which such funds are recovered, and the Regional Administrator may determine how these recoveries are credited to the States within the Region.

§ 35.2012 Capitalization grants.

Amounts allotted to a State under title II may be deposited in that State's water pollution control revolving fund as a capitalization grant in accordance with 40 CFR 35.5020 (f) and (g).

[55 FR 27095, June 29, 1990]

§ 35.2015 State priority system and project priority list.

(a) *General.* The Regional Administrator will award grant assistance from annual allotments to projects on a State project priority list developed in accordance with an approved State priority system. The State priority system and list must be designed to achieve optimum water quality management consistent with the goals and requirements of the Act. All projects for building treatment works to be funded by EPA must be included on a

State project list, except training facilities funded under section 109(b) of the Act and marine CSO projects funded under section 201(n)(2) of the Act.

(b) *State priority system.* The State priority system describes the methodology used to rank projects that are considered eligible for assistance. The priority system should give high priority to projects in priority water quality areas. The priority system may also include the administrative, management, and public participation procedures required to develop and revise the State project priority list. The priority system includes at least the following elements:

(1) *Criteria.* (i) The priority system shall include at least the following criteria for ranking projects:

(A) The impairment of classified water uses resulting from existing municipal pollutant discharges; and

(B) The extent of surface or ground water use restoration or public health improvement resulting from the reduction in pollution.

(ii) The State may also include other criteria in its priority system for ranking projects, such as the use of innovative or alternative technology, the need to complete a waste treatment system for which a grant for a phase or segment was previously awarded; and the category of need and the existing population affected.

(iii) In ranking phased and segmented projects States must comply with § 35.2108.

(2) *Categories of need.* All projects must fit into at least one of the categories of need described in this paragraph to be eligible for funding, except as provided in paragraphs (b)(2) (iii) and (iv) of this section. States will have sole authority to determine the priority for each category of need.

(i) Before October 1, 1984, these categories of need shall include at least the following:

(A) Secondary treatment (category I);

(B) Treatment more stringent than secondary (category II);

(C) Infiltration/inflow correction (category IIIA);

(D) Major sewer system rehabilitation (category IIIB);
